NEW QUESTION 246

Drag and Drop

Drag and drop the types of management from the left onto the levels at which they are performed on the right.

The diagram illustrates the interaction between a Controller and a Device in a Software-Defined Network (SDN) environment. It is organized into two main horizontal sections: 'Controller level' and 'Device level'.

Controller level: This section contains three sequential steps in a light blue box:

1. user and programmability interaction through the use of lower level APIs
2. user and programmability interaction through the use of Northbound APIs
3. iterate over a list of devices

Device level: This section contains two empty yellow rectangular boxes, representing the device's response or state during the interaction.

Flow: Arrows indicate the flow of interaction from the Controller level steps to the Device level boxes.
